

Air compressor and dryer package

- Customer : ASSALA GABON
- End user : ASSALA GABON
- Country of installation : Gabon
- Project : Koula
- Year of construction : 2021
- Internal reference : 194-140-5

- Configuration : 2 compressors and 2 dryers
- Technology : lubricated & screw
- Type : adsorption (alumina)
- Outlet performance : 10 barg
- Max. capacity : 1 260m³/h
- Dew point temperature : -40°C
- Compressor motor : 132 kW / 180 ch
- Maximum outlet flow : 831 Nm³/h
- Outlet pressure : 7,6 at 9,3 barg

- Dimensions : 1 650 x 7 000 x 2 260 (skid compressor) – 1 675 x 7 000 x 3 403 (dryer skid)
- Weight : 9T (compressor skid) – 5,8T (dryer skid)
